Thank you for being here with us today to share in this joyous performance! Without you this would be...a rehearsal. And while we've had 12 amazing rehearsals, it's time to put on our costumes, turn on the stage lights and have a show!

As you take in today's show, please keep in mind our 3 goals for all of our classes at Music For Life Creative Arts Therapy; to build a relationship to the arts where participants learn, grow and build individual skills, to build relationships through the arts where groups learn to work together and participants learn to appreciate being part of something bigger than themselves, and to build a community through the arts where the broader public can come together and we can build bridges to each other.

We have all worked hard towards these goals, from staff to volunteers to families to performers.

A special thank you to all the parents for your support and for placing your trust in us. We couldn't have pulled it off without you.

It's time to sit back, relax, and enjoy the show!

Best,
Jeffrey
